# How to Get a Free Car Seat with Insurance

**Check Coverage → Get Doctor's Approval → Order**

1. Review your family's health insurance benefits, including any Medicaid benefits.

2. Get a written prescription and detailed letter of medical necessity from your child's doctor.

3. Send the paperwork to an authorized durable medical equipment (DME) supplier, who will handle insurance approval.

## Did You Know?

If you don't have health insurance or Medicaid, dialing 211 is the fastest way to find a free car seat in your area.

**Note** | If you're considering a used car seat, make sure that the car seat wasn't in an accident. It might look fine on the outside, but it could have hidden internal damage.
