

How to Get a Free Car Seat with Insurance

Check Coverage → Get Doctor's Approval → Order

1

Review your family's health insurance benefits, including any Medicaid benefits.

2

Get a written prescription and detailed letter of medical necessity from your child's doctor.

3

Send the paperwork to an authorized durable medical equipment (DME) supplier, who will handle insurance approval.

Did You Know?

If you don't have health insurance or Medicaid, dialing 211 is the fastest way to find a free car seat in your area.

Note

If you're considering a used car seat, make sure that the car seat wasn't in an accident. It might look fine on the outside, but it could have hidden internal damage.
