- Disinfectant

CLEANING TIPS

- Clean the area as soon as possible.
- Blot the area with a towel or paper towel to soak up excess urine to ensure it doesn't get rubbed into the surfaces.
- Use odor removers on tough odors.

LAUNDRY TIPS

- Rinse soiled garments to help remove stains.
- Use a cleaning solution or simple mix of baking soda and water to break down stains and odors before washing.
- Select a detergent specifically designed for tough stains and odors for the laundry process.
