STRAIGHT TIP
VS
COUDÉ TIP CATHETERS

STRAIGHT TIP

- Straight from end to end.
- Affordable options.
- Easy to use.
- Designed for men, women, and children.

COUDÉ TIP

- Curved tip.
- Different styles (Tiemann tip, Olive tip, Tapered tip).
- May be more comfortable for some users.
- Designed for men, women, and children.
- Maneuver around blockages or other obstructions.

BE SURE TO SPEAK TO YOUR HEALTHCARE PROVIDER TO FIND OUT WHICH TYPE OF INTERMITTENT CATHETER IS BEST FOR YOU!

DID YOU KNOW?	You may qualify for low-cost catheters through Medicare & Aeroflow Urology!
